

This game can be played on any device that has Microsoft PowerPoint, including PC computers, MacBooks, tablets and iPads.

This game works best in small groups or one-on-one practice with the teacher.

A Click and Go is a game where questions are answered. There's no scoreboard. Just questions and answers.

Simple directions allow anyone, student, teacher, or even a substitute, to operate.

There are 40 questions per game, more than enough for each student to answer a question.
