

This game can be played on any device that has Microsoft PowerPoint, including PC computers, MacBooks, tablets and iPads.

This game works best in small groups or one-on-one practice with the teacher.

Teacher vs Student is a game where students answer ALL the questions. **Right answers** gives the students points. **Wrong answers** give the teacher points.

They can choose to answer questions **in order** and have students **choose a random question**. Questions disappear when they are answered.

Teachers can keep track of the points at the bottom of the scoreboard. Simply type in the points or click on the "0" button*.

*Mac products do not allow type in scoreboard. Mac/iPad versions must use buttons instead.
